## MY STACK

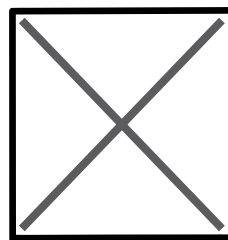

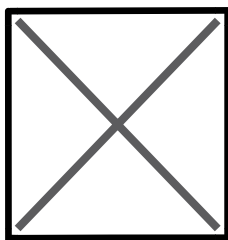

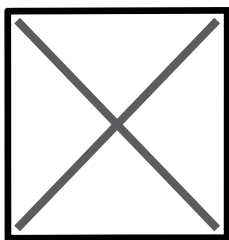

## MY PROJECTS

### Abq Tattoo(h)ers

Abq Tattoo(h)ers is a growing directory highlighting Albuquerque's female tattoo artists. This was a much needed resource that didn't exist yet, so I made it.

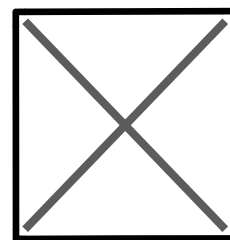

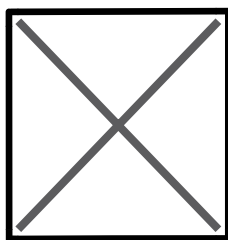

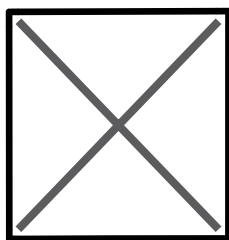

Built with: Bootstrap, CSS, HTML, JavaScript

### Plate it Forward

Plate it Forward (designed and developed with Erin Ruiz and Sergio Salas) tackles hunger and food waste in Albuquerque by partnering with community centers and local restaurants to serve leftovers to those in need.

Built with: CSS, Docker, Express, HTML, JavaScript, Node, PostgreSQL, React, React-Bootstrap, Redux, TypeScript

## LET'S CONNECT

Are you a:

- recruiter looking to grow your organization's development/engineering team?
- small business in need of a website?
- software developer and want to build something awesome together?

I'd love to hear from you!
